The National Capital Trackers (an O Gauge Modular Railroad Club) once again presents the **Winter Wonderland Train Show** featuring an exciting 28 x 48-foot O gauge layout and as always, an equally exciting and unique 8 X 26-foot Standard gauge layout.

The Candy Factory is a perfect place to enjoy our trains while the real thing (**Norfolk Southern freights, VRE commuter trains and Amtrak**) are just feet away alongside the Candy Factory building.

Please stop by and enjoy the Winter Wonderland Show and celebrate the *Holiday Season*.
